Weekend of the 24th/25th? Bloc party are playing in Plymouth and quite a lot of the committee are going to see him so not really possible.

Either postpone it till the spring, do it the weekend of the 24th or try and push for this weekend.

It's not possible this side of Christmas so leaving it until easter time.

Patch will cancel the minibuses.

Tim is now the person running the Watersports meeting. One of us has to be there to be a person who liaises with Mount Battern and the University club.

Introductory meeting on Wednesday 5pm straight after the session. Tim will introduce himself and how Mount Battern and the university work together.

People who want to go can go. Marko and Pete are defiantly going.

Pit Bar:

Steve has sold it, as someone has offered him more than the asking price.

The new guy has said he will still sponsor us.

It should stay the same but there may be a few changes.

Mast:

Tim has e-mailed Pinky. Order it from Allspars and it will be a 6 week wait. £200 from Speed.

Pinkys parents are down at the weekend and they could bring it down on Saturday and meet someone at Exeter. We have a session on Saturday so thats not really possible.

They are staying in North Devon for a week and so we could collect it from there any time this week.

Mount Battern can cover fuel costs for Pinkys parents and anyone going to meet them.

We are going to have to deal with having one bent mast as Mount Battern are only prepared to replace the broken one.

Pinky will talk to his parents tonight and let us know if they are going to pick it up.

We need to push it with Universities.

We can use all Mount Battern's boats. Split costs over all the boats. As it is £3 for the fireflies and a lot more for others so just spilt it.
