Boats:

Pinky, Lizzie and Bradders carried out the Safety checks – They are safe/ish! We (Tim) are trying to sort all the boats out by end of April, to get them all fixed up over Easter.

We can hopefully pick the Mast up on Wednesday that is if MB have paid up.

Portsmouth potentially wants to buy our boats, but MB doesn't have much left on the Budget so we wouldn't be able to buy any more. We could put £2000 from our club fund towards this? We need to contact Tim once we have a confirmed offer on the boats.

Courses:

Safety Boat: £100 – 3rd of the price – 27th/28th Feb. Drop Marko a text if you're interested.

VHF: 13th Feb

RYA Conference:

20th Feb – 10am-4pm – Morning 2hrs talk and then out on the water for the afternoon. Weekend of the qualifiers. Good to attend if considering the S.I. **B** to include in e-mail and get them to contact Patch.

Team Racing:

Izzy wants us to take the fireflies to Exeter as we would get a free entry for a team. Exeter want to borrow two double stackers, they could come and get the boats... Keep them there until Roadford? It's just an idea. Would mean they wouldn't be at MB for two Wednesday sessions and a weekend. Gul series?

We are already missing one Gul series because of so we don't want two. Izzy to tell Exeter we aren't going to take our fireflies.

Roadford:

We will have our own S.I's. Do we need to hire Safety boats from them?
