

26/09/09

Attending: BB, SM, MGT, EB, AP, JH, HC, JB, AP, MC, JA, PJ, IGT

Apologises: LS

Freshers Fair:

Stand is in the Marquee, middle stand just round to the left of the marquee.

Powerboat will be put near the Main Hall. Need to get there early because the Yacht club are bringing the J80. 9.30am.

Jon to put his RS600 by the bike holders as you come into the uni early tomorrow morning. Flyers to be out on the boat. 9.30am.

8 people on each shift and so we will need to get people to stay with the boats. 4/5 people behind the stand, others flyering and by the boats.

4,000 flyers - 8 hours to hand out the flyers so don't just chuck them at people!

Last year the fair was spread over 2 days, because there is only one day we need to really get as many people signing up as possible.

Patch will be in the Hive 12-2 on Monday for people who can't make the fair so they can join up.

All electrical equipment that we are using needs to be PAT tested, Pete's laptop, projector etc.

No-one is allowed to join if they don't have a sports card.

The Pit:

We need to get cards for all members in order to receive the cheap drink deals in The Pit as Steve doesn't want to just give the drink deals out to anyone.

First Social:

Committee get free entry into Oceana and the entire sailing club get queue jump.

Meet at The Pit at 8.00pm then free bus onto Oceana.

Everyone that signs up at Freshers fair needs to be told about it.

Roadford

Minibuses have been booked for the weekend.

First Taster Session:

Marko is available to run it being the SI.

Powerboat Sessions:

Marko has spoken to PPS and are running a potential session on Wednesday morning to tell people what to do to run the club sessions.

Next Meeting:

Monday 28th 6.30pm at The Pit
